

# Gloucester City Hockey Club

## RED CARD OFFENCES CLUB POLICY

Any member of the club who is recipient of a red card whilst representing GCHC will be invited to attend a Disciplinary Committee Meeting in order to discuss the circumstances surrounding the offence. The committee may also review other Red Card Offences committed by of a GCHC member, whilst playing for another team, if they feel it appropriate.

The committee, unless they deem exceptional circumstances apply, shall double the length of ban imposed by the governing body In certain circumstances. The committee may apply other penalties as they deem appropriate.

England Hockey's conditions of suspension means that a player cannot PLAY, COACH or UMPIRE an England Hockey recognised game, which includes non-league games and summer league. By applying these conditions the Committee states that the suspended player is not allowed within the perimeter fence throughout the duration of **any** game. A player CAN play or attend or coach at a training session.
